

Dear all,

as Guest Editor I invite you to submit your paper for Special Issue "New Advances and Applications of Extreme Value Theory" of the open access journal Mathematics (ISSN 2227-7390)

https://www.mdpi.com/journal/mathematics/special_issues/extreme_value_theory

The deadline for manuscript submission is 30 June 2022.

The journal is an electronic issue where articles in the same issue are published at completely different times. The authors may send their manuscripts at any time before the deadline, accepted papers will be published on an ongoing basis.

Typically, the deadline of a Special Issue is 8–12 months after the website is established.

Latest impact factor for Mathematics is 2.258 (Q1).

Do not hesitate to ask me any question regarding the submission:
